

RAINBOW CARVERS OF LEWISTON/NIAGARA FALLS, NY

We are a small organization consisting of WWII and Vietnam Vets that have a talent for carving beautiful designs out of wood. Members of this organization donate their time to create **FREE of CHARGE** an eagle head cane to any veteran who was wounded during war, including those wounded in Afghanistan and Iraq.

The canes are all handcrafted and can be personalized. The canes are meant as a symbolic gesture for the wounded veterans sacrifice, but do have a practical use as well. Some of the vets proudly display their canes on a mantle above their fireplaces.

In order to qualify for a **FREE** cane, you must have been wounded in combat and have proof of receiving the Purple Heart.

Rainbow Carvers can always use donations of materials and volunteers. If you are interested in donating materials, volunteering or would like to obtain a cane, please contact :
